GID INDUSTRIAL

REPAIR LINE CARD

# Industrial Repair Service for Boards and Electronic Components

When a replacement doesn't exist, we bring your unit back.

| $0 | 95% | 270+ | 1 Year |
|---|---|---|---|
| Evaluation | Without quality returns | Part Numbers repaired | Warranty on every repair |

## 1 Simple

**Fill Out a Form, Ship the Unit**

The whole process starts with a short intake form. Send us the unit and we take it from there, no chasing updates or coordinating the back-and-forth.

## 2 Honest

**Free Evaluation Before You Commit**

Every unit gets a free evaluation before any charge, and we say so plainly when a repair isn't worth it. You get an honest call, not a bill for false hope.

## 3 Backed

**A Warranty That Means It**

Every repaired unit carries a one-year warranty. If it fails within that window, we cover return shipping and make the repair right.
